WORK EXPERIENCE

Eli Lilly Interamerica Inc., Pharmaceutical Laboratory, Bogotá, Colombia Mar 2015 – Jul 2018

Supply Coordinator

- Led the S&OP process at the Affiliate after implemented the S&OP methodology (relevant finance information, regulatory statuses and supply KPI's incorporated).
- Analyzed and evaluated providers for Third-Party Logistics (3PL) tender and led the local project team during implementation stages of the selected 3PL.
- Managed demand and inventory through the development of an MS Excel tool that enhanced the process, impacting the Forecast Accuracy KPI (up to 85%).
- Handled the 3PL relationship through design and follow up of KPI's, that let identify bottlenecks in the operation and reduce orders processing time in ~30%.

Abbott Laboratories de Colombia S.A., Pharmaceutical Laboratory, Bogotá, Colombia Sep 2012 – Mar 2015

Foreign Trade and Supply Planning Coordinator

- Processed purchase orders and followed up on supply of ~2.000 SKU, from manufacturing plant sites to local warehouse for three divisions of the organization.
- Designed an MS Excel tool to consolidate a high volume of disperse data, analyzed information and generated savings of ~120.000 USD during 2013 by changing of transportation mode and reduced in 30% the number of shipments during 2014 by cargo consolidation.
- Led the supply planning monthly meeting with areas of Procurement, Foreign Trade, Distribution and the 3PL.

Combustibles Líquidos de Colombia S.A. E.S.P., Oil & Gas Company, Bogotá, Colombia Jun 2010 – Sep 2012

Operations Engineer

- Conducted a study for production capacity calculation, line balancing and operational standardization of the 7 plants of the firm (Liquefied Petroleum Gas LPG bottling plant sites).
 - Managed the production planning and inventory in 7 LPG plant sites and 6 warehouses at national level.
-
