**Presentation and Objectives**

Zaragoza Logistics Center currently provides a number of scholarships each year for students of the MIT-Zaragoza Master of Engineering in Logistics & Supply Chain Management (ZLOG) program.

Our former Alumni, collaborators & friends of Zaragoza Logistics Center have committed to give an opportunity to one highly-qualified and motivated student who has an interest in pursuing a career in Logistics regardless her/his financial situation. The objective with the “MIT Zaragoza Scholarship for Living Expenses” is to promote Higher Education in Logistics to disadvantaged youths who exhibit a drive to succeed and achieve their educational and professional goals. By the means of this scholarship the donors also create an economic diversity in our classrooms and help ensure that financial circumstances are no bar to the most promising candidates having access to the world-class education that we offer.

**Coverage**

Living expenses vary, depending on life style and whether students live alone, with roommates or have a family. The cost of living in Zaragoza is lower than in much of Europe and currently a budget of €900 per month is expected for single students.

The ZLOG Alumni Scholarship offers 60% coverage of the expected budget per month during one academic year, in order to cover costs like administrative fees, books, health insurance, living and travel expenses. This creates a total of €5,400 on an annual basis which will be paid to the student as a monthly fee of €540 during the 10 months that the scholarship recipient is studying the ZLOG Program (beginning in August and concluding the following May).

**Eligibility**

*Scholarships are awarded only to students who have been admitted to the MIT-Zaragoza Master of Engineering in Logistics & Supply Chain Management (ZLOG) program through the Foundation’s regular admissions procedure.*

The scholarship application process offers equal opportunity for all individuals admitted to the ZLOG Program through the Foundation’s regular admissions procedure.
Candidates will be expected to show an extraordinary interest in pursing a career in Logistics and a special need for additional financial aid.

Furthermore, to be eligible you must comply with the following criteria:
- Granted admission to the MIT-Zaragoza Master of Engineering in Logistics & Supply Chain Management (ZLOG) program.
- Fluency in English, minimum TOEFL score of 105 points in the Internet based test.
- Completion of a four year undergraduate program equivalent to a Bachelor’s Degree.

**Application Process and Documents**

Candidates must fulfil all of the above-mentioned requirements and submit one original copy of the following documents to the ZLC Financial Aid Office:
