The Spanish experience

Spain is significantly cheaper than many other European countries. The people are warm and always ready to help in your wonderful journey ahead. Zaragoza, the 5th largest city in Spain, has all the conveniences of a big city without most of the drawbacks. The tapas experience is certainly unique! Within a 300km radius, you can be in Madrid, Barcelona, Valencia, or San Sebastián, as well as several low-cost flights to Spanish islands, London, Paris, Berlin, Rome, Amsterdam or other great European destinations.
